		Brian Marston
Council of Great City Schools		Dr. Karen Collins-Adams
(pending membership)		

Standing Committee on Budget Equity and Transparency

Understand and analyze the district's use of funds and budgeting processes at the district and building levels. The committee should assess the use and processes for overall effectiveness toward the district's mission and equitable funding of schools, providing recommendations to the board that fosters collaboration with the St. Louis community and increases transparency.

Audit

Oversee district management with respect to audit, regulatory compliance, and financial reporting.

Board Governance

Ensure the board is performing at its most optimum and effective levels, conducting a review of guiding documents, and proposing changes;

Real Estate

Advise the district on matters of real estate.

Starwood Advisory Group

Seeks to purchase from the city the remaining parcels of Interco Plaza Park not already owned by Starwood. The goal is to renovate and secure the plaza, which will be open to the public and provide a

variety of programs in the tech/geospatial space, including SLPS students and staff and their families, as well as the larger downtown community.

LRA

The Land Reutilization Authority (LRA) receives title to all tax-delinquent properties not sold at the Sheriff's sale. It also receives titles to properties through donations. The SLDC [Real Estate Department](#) maintains, markets, and sells these [properties](#) and performs land assemblage for future development.
